## Technical Data Sheet- Leather Finishing Products

Product Code: AB-1211

### DESCRIPTION

AB-1211 is a unique, all-purpose, high filling compact base coat binder for upholstery leather

### APPLICATIONS

Used in roll or spray applications to produce upholstery leathers with exceptional fill, coverage, and aesthetic break properties.

### FEATURES

- Excellent embossing with good grain retention
- Excellent bally flex and cold crack properties
- Excellent up-grading properties to improve coverage and cutting yields

### PROPERTIES

Percent Solids, weight	24
Specific Gravity, 25°C	0.88 g/cm <sup>3</sup>
pH, typical value	8.2
Viscosity, cPs	1400

### STORAGE

Store in a cool, dry place, preferably less than 80°F, to ensure a useful shelf life of eighteen months. Protect from freezing.

Quaker Color manufactures all its products under carefully controlled conditions to meet rigid specifications. The values given in this publication are typical values intended as guidelines for the use of the products, they are not specifications. It is the user's responsibility to thoroughly test the product in their particular application to determine its performance, efficacy and safety. Should you require the actual specifications currently enforced on specific products contact your Quaker Color representative for the appropriate information.
