Technical Data Sheet- Leather Finishing Products

Product Code: AW-1391

DESCRIPTION

AW-1391 is a unique silicone additive used to enhance the surface feel and haptic properties of water base leather topcoats.

APPLICATIONS

Can be used at levels from 2-7% to impart a very pleasant, lubricated soft feel in water based leather topcoats.

FEATURES

- Excellent compatibility with most finishing systems
- Unique surface feel enhancement properties

PROPERTIES

Percent Solids, weight	27%
Specific Gravity, 25°C	1.01g/cm ³
pH, typical value	8.43
Viscosity, cPs	70

STORAGE

Store in a cool, dry place, preferably less than 80°F, to ensure a useful shelf life of eighteen months. Protect from freezing.

Quaker Color manufactures all its products under carefully controlled conditions to meet rigid specifications. The values given in this publication are typical values intended as guidelines for the use of the products, they are not specifications. It is the user's responsibility to thoroughly test the product in their particular application to determine its performance, efficacy and safety. Should you require the actual specifications currently enforced on specific products contact your Quaker Color representative for the appropriate information.
