Technical Data Sheet- Leather Finishing Products

Product Code: SS-1396

DESCRIPTION

SS-1396 is a compact, stain resistant topcoat system for upholstery leathers based on unique polymer and specialty auxiliary components.

APPLICATIONS

SS- 1396 is formulated to a gloss level typical for most low gloss automotive leather programs. For best results, SS-1396 should be used in concert with Q-Pigments and XL-1219 X-Linker.

FEATURES

- Excellent Denim and EMPA cloth stain resistance properties
- Compact for ease of use
- Low add on requirements

PROPERTIES

Percent Solids, weight	19%
Specific Gravity, 25°C	1.02g/cm ³
pH, typical value	8.90
Viscosity, cPs	150

STORAGE

Store in a cool, dry place, preferably less than 80°F, to ensure a useful shelf life of eighteen months. Protect from freezing.

Quaker Color manufactures all its products under carefully controlled conditions to meet rigid specifications. The values given in this publication are typical values intended as guidelines for the use of the products, they are not specifications. It is the user's responsibility to thoroughly test the product in their particular application to determine its performance, efficacy and safety. Should you require the actual specifications currently enforced on specific products contact your Quaker Color representative for the appropriate information.
