## Technical Data Sheet

Product Code: AB-85F

### DESCRIPTION

AB-85F is a very-soft, NMP free, high performance aliphatic polyether/polyester polyurethane dispersion. It is a blending component used to adjust properties to meet performance requirements.

### APPLICATIONS

- Adhesion promoter and increased flexibility

### FEATURES

- Exceptional adhesion to a variety of substrates
- Low use levels

### PROPERTIES

Appearance	White Liquid
Percent Solids, weight	31 – 35
Specific Gravity, 25°C	1.03
Viscosity, cps	50
pH, typical value	7.8

### STORAGE

Store in a cool, dry place, preferably less than 80°F, to ensure a useful shelf life of eighteen months. Protect from freezing.

Quaker Color manufactures all its products under carefully controlled conditions to meet rigid specifications. The values given in this publication are typical values intended as guidelines for the use of the products, they are not specifications. It is the user's responsibility to thoroughly test the product in their particular application to determine its performance, efficacy and safety. Should you require the actual specifications currently enforced on specific products contact your Quaker Color representative for the appropriate information.
