A Step Ahead…

Technical Data Sheet- Leather Finishing Products

Product Code: AW-1424

DESCRIPTION

AW-1424 is a functional water based silicone emulsion.

APPLICATIONS

Used in leather topcoats at levels between 2-5% to modify and enhance surface feel properties of the leather.

FEATURES

- Enhances haptic properties of leather topcoats
- Provides **anti-squeak or stick slip** properties to leather topcoats
- High efficiency compatibility with most polyurethane dispersions
- For best results should be added slow under good agitation to the topcoat formula

PROPERTIES

Percent Solids, weight	32
Specific Gravity, 25°C	1.02g/cm3
pH, typical value	5.5
Viscosity, cPs	30

STORAGE

Store in a cool, dry place, preferably less than 80°F to ensure a useful shelf life of twelve months. Protect from freezing.

Quaker Color manufactures all its products under carefully controlled conditions to meet rigid specifications. The values given in this publication are typical values intended as guidelines for the use of the products, they are not specifications. It is the user's responsibility to thoroughly test the product in their particular application to determine its performance, efficacy and safety. Should you require the actual specifications currently enforced on specific products contact your Quaker Color representative for the appropriate information.
